Note on Translation: The transliteration of German (and Italian) into Russian and then back into English has proven extremely difficult. Though the names of the regiments are quite certain, the names of the various grenadier battalions and generals are subject to some question. Those names shown are the best Germanification I could make of the Russian cyrillic. Apologies for any errors.

Milirtin, D.A. Count, Istoriia voiny Rossti s Frantsieiu, St. Petersburg, 1852
