Note: Miliutin quotes both Jomini and St. Cyr as the source of this OB. There are differences between what the two generals provide in their OBs. Those differences are indicated by a (J) when it is only in Jomini or a (SC) when it is only in St. Cyr. The differences in strength figures or numbers of battalions/squadrons are indicated as ranges. I am inclined to believe Jomini is correct, in view of the repeated obvious errors noted above, found in St. Cyr's OB.
